## ABOUT ME

---

I am a Junior Software and Web Developer based in Costa Rica, specializing in Python and JavaScript. I have strong coding fundamentals, excellent problem-solving skills, and a passion for continuous learning and improvement. My fascination with computers and technology began in childhood. Although I initially pursued law school, I soon realized my true passion lay in software development and the tech industry, leading me to wholeheartedly pursue my dream of becoming a software developer.

I am deeply passionate about coding, especially problem-solving and optimization. I enjoy building and creating new projects, constantly seeking to enhance my skills and contribute to innovative solutions.

## SOFTWARE TOOLS

---

**Platforms** Python, JavaScript, PostgreSQL, Django, Express.js, React, Github, HTML, CSS, Flask.
